

BYLAW NO. 2/90

A BYLAW OF THE VILLAGE OF CRAVEN TO PROVIDE FOR NUMBERING OF HOUSES AND OTHER BUILDINGS LOCATED WITHIN THE VILLAGE LIMITS

In order that the police, ambulance service and deliveries of goods and visitors can readily find village properties, each shall show a number as described below, on the front or street-side of the property.

The number of each property shall be permanently attached to the building or displayed on a post in a position that can be readily seen from the street.

Numbers displayed on buildings shall be not less than 4 inches.

It is recommended that all numbers be arabic or conventional in character.

Individual properties are allocated a number. Where such properties are subdivided into separate units the owner shall allocate a number for each unit. The owner shall ensure that each unit displays its number on or near the entrance door of the unit.

All existing properties and vacant lots within the Village limits are allocated a number.

Should additional units be constructed adjacent to properties that have a number or vacant lots be split to accomodate more than one unit, the individual units shall be given an alphabetic suffix.

The number to be affixed to the properties shall be in accordance with the marked-up-map retained in the Village office.

The owner of each property shall be responsible for obtaining the appropriate number, including other necessary equipment and installation.

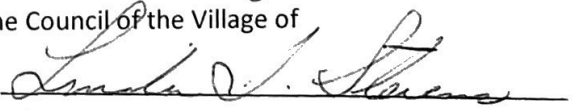

The numbers as indicated above shall be affixed to existing properties within 90 days of the date of this bylaw. The numbers allocated to new properties shall be displayed as soon as possible within a period of 180 days from the date of obtaining permission to build.

Non-compliance of this bylaw in whole or in part shall carry a penalty of \$50.00 (fifty dollars).

Dated at the Village of Craven, Monday  
April 16, 1990
